

Bristnall Hall Academy

Vision and Values

Bristnall Hall Academy prides itself on being a truly inclusive school where all students are nurtured and fully supported at all ages and abilities.

For many years the academy has had the motto Nurture – Inspire – Achieve which continues to this day.

Francesca, Year 11 student 2015
Bristnall Hall Academy,

Our staff and governors understand that young people could face adversity during their school life but at Bristnall Hall Academy we will do everything possible to ensure that our young people will succeed despite this adversity and will not fail because of it.

Nurture

At Bristnall Hall Academy we will fully support our young people and keep them safe during their time with us, whilst ensuring that they develop a portfolio of qualifications, skills and attributes that will support them in their future lives. Our outstanding team of governors have worked with academy leadership to identify Bristnall Hall Employability Skills and Attributes that all of our young people will develop during their time here with us that will set them apart from others in the world of work.

The Employability Skills and Attributes we want Bristnall Hall Academy students to possess on leaving include:

- High aspirations and high standards for themselves,
- Effective communication skills – ICT, oral, written and numeric – to a variety of audiences
- Ability to lead and be a good team player
- Value diversity and difference
- Pride and respect in themselves and their community
- Self-management skills including time management, decision making and the ability to learn and adapt
- Confidence and resilience

Inspire

We have worked to develop as strong a team of teaching and support staff that you will find at any school. Bristnall Hall Academy is a great place to work in as well as learn in so we are able to recruit the very best for our young people.

Bristnall Hall Academy has a very high staff to student ratio so that all students receive a significant amount of focus whether they are working towards A*, C or G grades.

This focus on excellent teaching and support is reflected in the outstanding progress our students make at all levels. Recently, we have supported schools in our Trust and Local Authority with measured impact by sharing our outstanding practice to drive improvements for other young people.

Achieve

The Bristnall Hall Academy values have been extremely successful in recent years. This is reflected in the exceptional young people who have left the academy to go on to further study or work. They are not only well qualified and highly skilled, but are good citizens who will go on to improve the area they live in, with many in the Oldbury area.

Bristnall Hall Academy works in close partnership with our Trust, the local authority, councillors, charitable organisations and the local community. We are proud to be a local school for local children and families. We appreciate that improving our school and the youngsters within it, we will improve our local area.

We are very fond of our beautiful 1920s building, of retaining the name 'Bristnall Hall' since opening in 1928 and of educating our local community.

In recent years we have invested significantly into restoring and developing our buildings to ensure that our students, their families and the community can benefit from these. The planned additional build will complement this work and will give our outstanding staff and students first class facilities to learn and achieve in.

We are extremely proud of our young people and the academy. As a community school we are always happy to show visitors around Bristnall Hall Academy.

We look forward to welcoming you to our school.
